

MCOR™ # 1 Reduction

Product Technical Data

Blended solvent
for thinning/reducing

MCOR™ #1 Reduction is a blended solvent specifically formulated for thinning and reducing solids and viscosity of certain MCOR™ polymer technologies and coatings.

Volume Capacity

A unit is a single-component.

The volume capacity of a 1 kg of mixed MCOR™ #1 Reduction is 1.15 Liters.

Storage & Handling

Material Safety Data Sheet (MSDS) for all instruction.

Limitations

Review all polymer product data sheets for specific compatibility.

DO NOT exceed thinning instruction guidelines per polymer product instruction.

Safety

Consult Material Safety Data Sheet (MSDS) for all material safety information.

NOTE: Specific data is published in Material Safety Data Sheet (MSDS), please review all data before using.
